IGROW WEALTH INVESTMENTS

We are one of the only property investment companies in South Africa providing a holistic specialised and professional service on wealth creation, wealth protection and investing, using entry-level property as the underlying asset class.

Given our many years of experience in property investment, more specifically negotiating large bulk deals, we have a very clear and detailed due diligence process that we carry out on every new property deal. As a result, all of our properties are heavily discounted, high income producing investments that are low risk.

We work closely with our investors in selecting the right property deals that are tailored to meet their investment requirements and help to achieve long term financial objectives.

Trust Focus

Structure and Protect your Investment Properties. The objective of a trust is to legally mitigate an individual's risk by ensuring that all businesses, properties, investments and assets are owned in the appropriate Trust and Corporate structures.
